

***Thank you for your interest in joining our
Rhythm Time Team!***

What to expect following your application:

- You will receive a phone call for an initial chat about the role. If you feel confident to send a short video of yourself singing a popular child's nursery rhyme, to the Rhythm Time franchisee, then this would be appreciated. Here's an example video – <https://www.youtube.com/watch?v=Afq86AH-aMM>
- You will then be invited for a 1st interview during which you will be asked to demonstrate singing and delivering a child's song of your choosing. It would be useful to prepare something in advance although don't panic ... we aren't looking for an opera singer, just someone who can comfortably hold a tune and have some sparkle!
- You will be invited to visit a Rhythm Time class to see how they operate if you haven't already had the pleasure.
- You may be invited for a 2nd interview.
- The Rhythm Time Franchisee will then be in touch to let you know if you've been successful.
